A CHALLENGE THAT CANNOT BE EVADED.

The Fusion conspirators at the State House cannot sneak away from or dodge around the direct and serious challenge of County Attorney Nowell, of Washington, without abject confession. Here is what they must face:

We now offer on behalf of the Republican Senators elect from Washington county, if your honorable Board will open the returns for investigation, to prove that in the case of returns from [illegible] towns for Senators and Representatives there have been changes [illegible]

[illegible]

... and trickeries who are endeavoring to defraud a majority of the people of [illegible] of the fruits of their hardly achieved victory in September last.

"The Constitution and the laws are as binding upon the Governor and Council as they are upon each and every citizen. It is their duty to enforce, not to violate the laws, as they are now doing. In regard to the Regulation of election returns the Constitution and the laws are perfectly plain—so plain that it is not possible for any man of ordinary intelligence to misunderstand or misinterpret them. As the Governor and Council are men of ordinary intelligence, their violation of the Constitution and the laws is clearly wilful, and is moreover revolutionary and destructive. In the face of an anxious people—those whom the conspirators propose virtually to disfranchise—they maintain a cool indifference, as they sullenly and secretly proceed with their scheme of usurpation. Do these men forget that there is a hereafter?"

SCHEME OF FRAUD.

[From the N. Y. Tribune.]

The Maine dispatches indicate a full determination on the part of the Democratic State officers to persist in their grotesque scheme of fraud. The application of the Republicans for permission to see the returns upon Senators and Representatives has been denied by the Council upon the extraordinary ground that inasmuch as the Council has no power to alter returns, there is no real necessity that the Republicans should see them. Which is very much as if a suspected bank cashier should decline to show his books on the ground that it would be actually wicked for him to steal, and therefore the directors need not worry, nor even take the precaution to count the cash. The Republicans have made a strong protest against the decision of the Council, which must attract the attention of the whole country.

An attempt was made on Tuesday in the House of Representatives to push forward a Confederate claim. Tuesday was the second day of the session. This is the Congress which was to behave itself so sweetly, and these are the Southern Democrats who intended to leave every thing to the decision of the Northern members.

THE [illegible] SPRAY [illegible]

A Hearing Ordered Next Tuesday.

Papers Served on the Secretary of State.

Another Request to See Returns!

The Petition for a Rule of Court and Writ of Mandamus Against the Secretary of State.

FRYEBURG, Me., Dec. 4. Application was made this afternoon to Judge Virgin, presiding Justice of the Supreme Judicial Court for Oxford County, December term, by Geo. D. Bisbee County Attorney for Oxford County, upon the petitions of Andrew R. G. Smith, Senator elect from Lincoln County, and Nahum T. Hill, Senator-elect from Hancock County, asking the court to issue a rule of court to Edward R. Gove, Secretary of State, commanding him to appear before said court on Tuesday the ninth day of December, and show cause why he should not give said Senators access to the returns of Senatorial votes in their respective districts, and an opportunity to examine the same, and for a writ of mandamus to issue against said Gove.

The Order Issued—The Hearing to Occur Tuesday Next.

Judge Virgin has issued the order and will hear the case at Fryeburg Tuesday next, unless, by agreement of all parties, the case should be heard elsewhere.—Messrs. Baker & Baker, Counsellors at Law, of Augusta, and Hon. Nathan Webb of Portland, appear for the petitioners. A copy of the petition and order on same will be served upon Secretary Gove at once. Both of the petitioners claim to have been legally elected by the Republican voters in their respective Senatorial districts, and they have made applications to Secretary of State Gove, in person and by counsel, for the opportunity to see and examine the returns in accordance with the universal custom and construction of the Law and Constitution of Maine since its organization and that he has repeatedly denied them this privilege.

Another Request of Counsel to Examine Returns.

AUGUSTA, Me., Dec. 4. The following letter was sent to the Governor and Council this afternoon:

AUGUSTA, Dec. 4, 1879.

To the Honorable, the Governor and Council of the State of Maine;

May I respectfully request that your Honorable Board will indicate a day and hour when I may be permitted, as authorized counsel for Austin Harris and Alden Bradford, Senators-elect from Washington county, to examine in your presence the returns of the Senatorial vote of said county. I shall ask to have associated with me only the Senators-elect and one other legal adviser having joint authority with myself to act for Mr. Bradford.

Very respectfully,
HERBERT M. HEATH.

The Counsel in the Mandamus Case.

The legal adviser referred to by Mr. Heath is presumed to be Hon. F. O. Pike, of Calais, who reached this city Wednesday evening and is the guest of Senator Blaine. Mr. Pike spent most of to-day in the State library examining legal authorities. Mr. Pike will be united with Mr. Baker and Mr. Webb in arguing the mandamus case before the Supreme Judicial Court.

The Portland Returns.

A. A. Strout, Esq., of Portland, was before the Council this afternoon in support of the legality of the return from that city. He dwelt at length on the serious result of Portland being deprived of Representatives in a year when the basis of taxation is to be determined by the decennial valuation. Mr. Strout did not see the returns from Portland.

FROM LEWISTON.

Reform Clubs.

LEWISTON, Dec. 4. The State Convention of Reform Clubs closed this evening after two days' session. They voted to hold the next semi-annual convention at Bucksport June 2d and 3d.

FROM PORTLAND.

The Representative Returns.

PORTLAND, Dec. 4. A. A. Strout, Representative elect, has this morning received from the Secretary of State a certified copy of the Portland returns, which proves correct excepting 143 scattering. As that will not affect the result for either candidate, our representatives will undoubtedly receive their certificates.

FORTY-SIXTH CONGRESS—Second Session.

Senate.

WASHINGTON, Dec. 4.

A bill was introduced by Mr. Morrill to facilitate funding the national debt.

Mr. Carpenter offered a resolution declaring that it is the opinion of the Senate that any legislation during the present session changing our system of finance is inexpedient. Adjourned to Monday.

House.

The House went into Committee of the Whole for the purpose of distributing the President's message, and after distribution adjourned till Monday.

LOUISIANA.

The Election.

NEW ORLEANS, Dec. 3. The election in this city passed off quietly. A very light vote was polled, probably less than two-thirds of the full vote. The "ring" ticket to this parish was generally elected. Specials to the Democrat from all telegraph stations in the State show heavy Democratic gains. These reports, giving estimated majorities in eleven country parishes, claim Democratic gains of 12,150, compared with the Democratic count of 1876, when the same parishes gave Hayes 1600 majority. All dispatches say the election passed quietly, and most of them report that the negroes voted the Democratic ticket and for the Constitution.

OHIO.

The Hog Crop.

CINCINNATI, Dec. 4. The reason for supposing there will be a less number of hogs for winter packing than last year is that the packing to date is about a hundred thousand more than for the same time last year.

THE INDIANS.

A Voluntary Prisoner.

LOS PINOS, Dec. 4. Tuesday witnessed the first session of the commission. Col. Crow the White River Utes came to give his testimony and then voluntarily surrendered himself as a prisoner.

A Cattle Raid.

RAWLINS, Dec. 4. Mail advices from White River brings news that on the night of November 30th, the Indians attacked and drove in the herders in charge of the beef herd, which the command was supplied and drove off the entire herd.

NOVA SCOTIA.

Wreck of the Violet.

HALIFAX, Dec. 4. The hull of a schooner came ashore bottom up at Green Cove, Saturday. A piece of her main beam was picked up with the official No. 12500, tonnage 141. A piece of lumber had the name of J. Walker & Co., written on it with red chalk. A piece of her bulwark board was picked up about a mile from the wreck with the name "Violet" on it.

AFRICA.

The Cannibals.

LIVERPOOL, Dec. 4. News is received that a war has broken out between rival chiefs in New Calabar, West Africa, and two hundred persons were slain and the wounded and prisoners killed and eaten.

Cause of the Conflict.

LONDON, Dec. 4. The conflict in New Calabar, West Africa, is between King Amachree of New Calabar and his followers and a powerful chief called Will Braid and his adherents. Sometime since the King of New Calabar died and the accession to the throne of Amachree has not given satisfaction. During the conflict no quarter was shown to the wounded or prisoners who were in many cases killed and eaten.

GEORGIA.

Election Riot in Atlanta.

ATLANTA, Dec. There was great turbulence yesterday at the municipal election. Both candidates, Hoy and Estes, were Democrats and there was quite a struggle between them to obtain the negro vote. A riot occurred which threatened to assume formidable proportions. One negro was fatally wounded and another dangerously. Several men were knocked down with clubs. The police managed to restore order and arrested the men charged with the stabbing and shooting. A Chinaman voted.

An Opponent Killed.

George Mansfield was killed at Jonesboro last night by J. M. Walker. They were opposing candidates for office and were electioneering.

MICHIGAN.

Senator Chandler's Successor on the National Committee.

DETROIT, Dec. 4. The Republican State Committee elected L. W. Heath, of Charlotte, a member of the National Committee vice Senator Chandler deceased.

NEW YORK CITY.

The Democratic Split.

NEW YORK, Dec. 4. The Tammany Hall general committee held a meeting tonight and adopted a lengthy address to the Democracy of the United States proclaiming the defeat of the Tilden faction in this State and asking the Democrats of the State and the United States to rally under the standard of Jeffersonian Democracy.

WASHINGTON.

A Special Report.

NEW YORK, Dec. 4. Washington specials state that the President and Secretary Sherman are reported to have said yesterday that they are not anxious to see Congress act in accordance with their recommendations concerning the withdrawal of greenbacks or the repeal of the legal tender clause.

A Bad Bill.

WASHINGTON, Dec. 4. Among the bills and resolutions introduced and referred in the House, this morning, was one by Gillette, of Iowa, declaring that Congress is opposed to any reduction in the volume of U. S. legal tender notes, but on the contrary, is in favor of substituting greenbacks for national bank notes, and that it is in favor of free and unrestricted coinage of the 412½ grains silver dollar.

THE WEST INDIES.

The San Domingo Revolution, etc.

HAVANA, Dec. 4. Advices from San Domingo City to the 20th ult. are as follows. The seige of the city is now effective the Revolutionists having completely surrounded it on land and the only outlet is by sea. President Guillermo made a last effort to dislodge the Revolutionists on the 16th attacking Montecristi but after a hard fight he was routed and obliged to take refuge in this city with a small escort. As his army has disbanded Guillermo is momentarily expected to resign. The city cannot support a long seige as provisions are scarce. The whole republic has joined in the revolution. Accounts from Puerto Plata indicate that the business of the whole North is proceeding uninterruptedly. Much tobacco is awaiting shipment but laborers are very scarce the majority having enlisted in the army. Nothing later from Hayti. Venezuela advices announce that General Guzman Blanco has arrived at Martinique and was expected to land at Laguayra on the 8th of November.

DAKOTA.

The Reno Court Martial.

DEADWOOD, Dec. 4. The Reno court martial, which has been sitting at Ft. Meade since Saturday, has examined fifteen witnesses whose testimony was favorable to Reno. While admitting his inebriety, they say he showed no particular malice toward Lieut. Nicholson with whom he had an altercation in the officers' club room Oct. 25th, while under the influence of liquor. Gen. Sturgis will issue an order prohibiting the excessive gambling and dissipation at the post, the extent of which has just been revealed to him by the evidence produced at the court martial.

SOUTH AMERICA.

A Chilian Victory.

BUENOS AYRES Dec. 4. A despatch of Dec. 3, says the allied Peruvians and Bolivians were defeated at Tarapaca, Peru, by the Chilians, who have taken possession of the town. The Chilian squadron is blockading Arica. The losses were heavy on both sides.

SOUTH SEA ISLANDS.

Massacre of Englishmen.

SAN FRANCISCO, Dec. 4. Australian advices state that Her Majesty's ship Danae has returned from Salmon and other South Sea Islands. At Maru Island where an Englishman was massacred in April, a company landed and destroyed the villages and canoes of the offenders. In the encounter with the natives one man was killed and two wounded. Her Majesty's schooner Renard has punished the natives concerned in the massacre of a native teacher last year. Their houses and plantations were destroyed. Three Europeans and three Chinese, part of the crew of the trading vessel "Pride of Logan" have been murdered by natives of Cloudy Bay, New Guinea. Her Majesty's schooner Beagle proceeded to the scene to punish the offenders.

THE WEATHER.

WAR DEP'T, OFFICE CHIEF SIGNAL OFFICER, Washington, D. C., Dec. 5—(1 A. M.)

Indications.

For New England: Rising barometer; northerly winds, veering to easterly, and colder or partly cloudy weather followed by falling barometer and in northern portions rising temperature.

CONDENSED DESPATCHES.

The "Readjusters" elected all the officers of the Virginia Legislature Wednesday and expect to make a clean sweep in the election of State officers on Friday.

The sixty-mile bicycle race at Chicago on Wednesday night was won by Terront, beating Boland and the Harrison Brothers, each of whom had a stretch of twenty miles. Time—3 hours, 54 min., 30 sec.

A strike of silk weavers is in progress at the Murray mill, Paterson, N. J., against the running of two Jacquard looms by one weaver. The weavers are sustained by the International Labor Union.

The miners of Jones, Simpson & Co., at Archibald, Pa., are on a strike. The miners have a weigh-master to see that they are credited with the proper weight. They demand the right for him to inspect the company's books, which is denied them.

The embarkment of the Obelisk for America is expected in a few days.

A burglar was arrested in Boston, Wednesday night, after a hot chase. He had broken into the Charlestown post office and was about to blow open the safe.

Patrick Gallagher, who shot Thos. Hand at Pittsford, Monroe Co., N. Y., Oct. 13th is pronounced insane.

Timothy Sheldon, of Derry, N. H., while intoxicated Wednesday night, was thrown from his carriage and his skull fatally fractured.

The Queen telegraphed the Czar congratulating him on his escape from assassination.

It is believed that the real reason of the suspension of the St. Petersburg Golos was its hostile and defiant tone towards foreign powers, especially toward Germany.

A school house, dwelling and two barns were burned at North Adams, Mass., Wednesday night by an incendiary. Total loss $6,475. Insurance about $800.

LOCAL MATTERS.

Clear and colder last evening.

Butter is still rather scarce on the market.

Clean slate at the station house last night.

Public meeting of the Orlandis at City Hall this evening.

Unity Hall was the scene of a brilliant party last evening.

The trees looked finely yesterday morning in their armor of ice.

One solitary tramp occupied quarters in the shelter room last night.

A little snow would be gladly welcomed by the livery stable keepers.

Miss Allamby fell yesterday on the ice and sprained one of her wrists.

The private class at Music Hall will meet for the first time this evening.

The first in a series of four Germans will take place at Unity Hall this evening.

Rev. Dr. Tenney, of Ellsworth, has married six hundred and eighty-one couples.

Some of the business men of Ellsworth are agitating the subject of a National Bank.

The next session of the Piscataquis Baptist Quarterly Meeting will commence in Dover this afternoon.

The steamer Cambridge arrived at about one o'clock this morning and will sail again to-day at the usual hour.

We understand that the baggage-master on the Bucksport & Bangor Railroad will also act as express messenger.

The sidewalks were exceedingly slippery yesterday and caused several severe accidents, as will be seen elsewhere.

Water takers will be interested in the notice elsewhere which states that all sums overdue are subject to an increase of ten per cent.

One of our citizens has collected about fifty thousand postage stamps, which rather goes ahead of the young man in Lewiston.

The Boston Ideal Company stopped at the Exchange. They came through from Augusta in a special sleeping car yesterday morning.

About six thousand bushels of potatoes arrived in this city on one train over the E. & N. A. Railway, Wednesday night, en route for Boston.

Rev. A. Ridlon has removed to Hallowell, and is still prosecuting the work of raising funds for the endowment of the Classical and Scientific Academy.

The schooner S. M. Bird, with a load of locomotive coal for Maine Central Railroad discharged her cargo at Belfast, and the coal was sent to this city by rail Saturday and Monday.

Rev. T. E. St. John will preach at the Unitarian church next Sunday. His subject at the first service will be, "Through trial to Triumph," and at the second, "The highest Motive."

The schooner Mazurka, of Belfast, with a load of knees from this city for New York, is now at Belfast, where she will receive a new foremast before proceeding on her passage.

In another column Frank P. Wood calls the attention of our citizens to the fact that his is the only fur store in Bangor, and that his stock is extensive and selected with a view of meeting the wants of all.

A coat was seen floating down river Wednesday on a piece of ice, and it is thought that it might be the one stolen from Waterman's and thrown away by the thief who found things getting quite warm for him.

A new time table will take effect on the Bucksport & Bangor Railroad next Monday. On and after that date through passengers from the Maine Central evening train will be transported in the Penobscot Exchange coaches.

Henry Granville died suddenly in Boston Wednesday. He formerly lived in this city and was for a long time connected with our Fire Department. He was forty-eight years old. His remains will be brought to this city this morning.

George E. Berry, of Burnham, lost the thumb and index finger of his left hand, on Saturday. They were blown off while drilling out an unexploded charge of powder. The drill passed by his face, going through his hat brim. His son Charlie narrowly escaped losing his eye sight, his face and eyes being blown full of powder.

THE BANGOR CITY FARM CROPS. The Piscataquis *Observer* says: Mr. A. S. Sands who has had charge of the City Farm at Bangor for a few years past, and who has given both good satisfaction there sends us the following estimate of crops raised upon the farm during the season just closed: We cut about 100 tons of hay. Our potatoes were rather a failure; did not more than two-thirds come out rotted badly, but got 712 bushels of sound ones. Raised 1000 bushels beets and turnips; 72 bushels beans; 149 bushels wheat (Lost Nation) on 4½ acres of ground; 116½ bushels barley on 3½ acres of ground; 300 bushels of apples, and a large amount of vegetables from the garden. For stock we have at present 6 oxen, 11 cows, 1 bull, 3 horses, 19 shoats, 4 hogs. Have killed 4200 lbs. pork this fall. We have 101 inmates in the Almshouse at the present time.

ALMOST A FIRE. One of the weavers in the factory at Sebec placed a lamp on her "bobbin-box" near the loom, while mending a "break down." The jar of the machinery overturned the lamp among the lint on the floor and set it on fire. The flame was caught by the cotton warp, and in an instant the whole loom was in a blaze. Mr. Smith, an employe in the mill, very promptly threw a cut of cloth upon the fire, smothering it until it was put down and a serious fire prevented.

METHODIST CAMPMEETING GROUNDS. The chances of location of the Methodist Campmeeting which is to be removed from Charleston, are decidedly in favor of those in Foxcroft, at the beautiful grove of the Davis heirs. The chairman of the committee, Rev. W. W. Marsh was in town the first of this week and was pledged two hundred dollars by the citizens, the sum required to make the enterprise a success, provided the committee fully decide to purchase the Foxcroft grounds.

FIGHT BETWEEN A LOON AND AN EAGLE. The Maine Central men, at the Unity Pond crossing, witnessed a curious combat last Thursday morning. The ice, which had just skimmed the surface, caught a loon, that had lingered too long. These birds cannot rise, except from a sheet of water. On any other surface they flounder hopelessly. An eagle, spying the disabled bird, made a dash at it for his breakfast. The eagle's claws several times fastened in the loon, which sent up fearful cries, while blood ran and feathers flew. The eagle tried in vain to fly with its booty, but found it too heavy. The section men dispatching the prize with the bird of prey, pushed a boat through the thin ice, shot the loon, and brought it ashore. It was sent to Waterville, to be stuffed.—*Belfast Journal.*

A KIND ACT. Among the passengers on the train which arrived in this city last evening over the Maine Central Railroad, was a Mrs. Palmer, an English lady, with her three children. She had no money and was intending to go right through to Houlton as she had a ticket for that place, but as there is only one train a day for Houlton she was obliged to remain here over night. Alone, among strangers and without means, her case was a sad one, and looked blank enough until it happened to reach the ears of Mr. Hillman, the news agent, who at once circulated around through the cars and succeeded in getting quite a handsome contribution for the unfortunate lady. This money enabled her to pass a comfortable night in the city, and she will continue her journey this morning.

ELECTION OF OFFICERS BY POST BEALE. At the annual meeting of B. H. Beale Post No. 12, G. A. R., last evening, the following officers were elected: Post Commander, Augustus B. Farnham; Senior Vice Commander, Christopher V. Crossman; Junior Vice Commander, Wm. Z. Clayton; Quartermaster, Edward M. Egery; Surgeon, Horace R. Hanson; Chaplain, Edgar W. Preble; Officer of the Day, James F. Maloney; Officer of the Guard, George A. Staton. The Adjutant is to be appointed by the Post Commander at the time of the installation, the first Thursday in January, and the Adjutant will then recommend his Sergeant Major, the Quartermaster his Quartermaster Sergeant, and they will then be appointed by the Commander. Eight delegates and eight alternates were also appointed to attend the Department Convention at Lewiston, in January. The Post voted to have a public installation of officers, to which their lady and gentleman friends will be invited. Oysters, cakes, etc. solicited from ladies who attend.

A GOOD SCHOOL. Mr. A. Leavitt, member of the School Committee at Kingman, sends us the following: The fall term of the Kingman village school closed Thursday. The school passed a creditable examination in the following branches:—Arithmetic, Geography, Grammar, Algebra, United States History, English History, Grecian History and Latin. A number of ladies were present and at the close all expressed themselves as highly pleased with the advancement made in the various branches pursued during the term. The school has been under the instruction of Ed. E. True, Esq., assisted by Miss Flora Richardson. Mr. True is a teacher of marked ability, possessing energy and tact and understands thoroughly what scholars should know, and has a very happy faculty of imparting this to others. Miss Richardson has succeeded admirably in her department. We are happy to say that the services of Mr. True have been engaged for the winter term, and it is confidently expected, judging from the past, that this school, under his guidance will rapidly take its place among the first in North Penobscot.

FOR THE LADIES. Among the designs for dinner plates submitted to the New York Society of Decorative Art was a set in Walter Crane colors representing a girl picking beans from a trellis; another girl paring potatoes; squashes, corn, cabbages and cauliflowers were the objects of interest on the other plates. Another set represented fish, with a border of coral and sea talis; lobsters surrounded by lily pads, and a painter in a border of partridge berries and leaves. An impromptu lamp shade is thus described: A sheet of ordinary colored tissue paper is taken, folded once, and held in the thumb and finger of the left hand, like a pocket handkerchief. It is then drawn through the right hand, from top to bottom, over and over again, till it is a mere wisp. An inch is cut off the point at the top to form the hole for the chimney of the lamp to pass through. The paper is then spread out, and falls in four graceful crimped points. The shade is complete, and when dexterously put over the globe (before the lamp is turned up very bright) throws a pretty subdued light. Pink, pale green, yellow or violet are all favorite colors and when two or more colors are put over each other, the effect is very pretty.

BUSINESS NOTES. The Portland Star Match Co. have bought of Messrs. Larrabee and Bradstreet, of Bridgton, all their soft pine timber on the Ross lot, estimated at from 300,000 to 400,000 feet. A strong force will cut and haul it to Long Lake this winter.——The woolen mill at South Windham has been leased for a term of years to Thomas L. Robinson, of Oxford, who will soon have two sets of machinery running.——The works of the Presumpscot Iron Company, at the mouth of the Presumpscot river, which have been idle for more than a year, start up this week with contracts that will keep them busy some months.——G. & M. Nelle, of Skowhegan, made 300 dozen scythes the past season, and have largely increased orders for the coming year. Mr. R. L. Mitchell, of the same place, has made and sold thus far about 7,000 axes.——It is thought that the Belfast shoe factory will start up soon, and employ about 125 men. The two axe factories at Belfast are not able to keep up with their orders.——The Calais *Advertiser* says there has not been for years such indications of a busy season as exist now. Everybody seems to be going into the woods, and we understand our lumbermen propose cutting large quantities of logs. The price of stumpage is getting pretty well up, $3.00 being paid for spruce, and $4.50 for pine, and even higher stumpage is paid in some cases.

AROOSTOOK STARCH FACTORIES. The Aroostook starch factories have closed up their fall business, having made more starch than ever before in one year. We hear various estimates of the amount made in all the factories, of from 6,000 to 30,000 tons. There are said to be twenty-five starch factories in Aroostook, and if they in all have made 10,000 tons, at the ruling price of starch at this time in Boston, 600 per ton, it will amount to $600,000, five-ninths of which, or $340,000, has been paid to the poor men for potatoes. The margin, $400,000, is the cost of manufacturing, for casks, transportation, insurance, commission for selling and profit. On the whole, the profit of the farmer in raising the potatoes is quite as large as that of the manufacturer. One manufacturer who had his potatoes contracted for at 25 cents per bushel, after he had taken in all he had agreed to take at that price, refused to pay over 15 cents per bushel for more. Before he had commenced upon the making, he offered to pay $6000 to any man who would take the year's operation off of his hands.

ACCIDENTS CAUSED BY THE ICY SIDEWALKS. Rain commenced falling just before 12 o'clock Wednesday night and continued for several hours freezing, as fast as it touched the ground, so that when our citizens looked out of the windows for the first time yesterday morning, the sidewalks and streets were one glare sheet of ice. This, of course, made pedestrianism very difficult as well as dangerous and several severe accidents occurred during the morning. Mrs. Vail started to go from her residence on Fourth street into one of the neighbor's when she slipped and fell heavily, fracturing one of her limbs badly. Mrs. Connolly, who is employed at the Bangor House, started for the hotel at an early hour when she fell on the sidewalk and sprained her wrist. When she was first taken up it was thought that the bone was broken. We also learn that Mr. John S. Ricker fell and injured his hip severely. A great many others had some bad falls, but fortunately escaped uninjured. One old fellow who was on his way to his day's work came down with a thud and threw his dinner pail, which he had in his hand, several feet into the air, scattering the food about in every direction, and causing him to use some strong language.

"PINAFORE."

An Ideal Entertainment.

The great popularity of this opera together with the fact that it was to be presented by a company comprised of artists of much renown—many of them no strangers to a Bangor audience—had the effect of filling old Norombega last evening to overflowing. This makes the ninth or tenth time that Pinafore has been presented here by good talent on each occasion, but it remained for this company to bring out some of the parts as never given before from Norombega stage.

The "Little Buttercup" as given by Miss Adelaide Phillips is an entirely new creation here, her magnificent voice and fine acting causing the audience to almost forget that they ever heard the part sung before, and leaving an impression that will not soon be forgotten. She was the recipient of several handsome floral tributes. Miss Beebe's "Josephine" was finely given and her clear voice and fine conception of the part called forth a well merited encore. Miss Osler made a pretty, but not particularly animated "Hebe." Mr. Barnabee's fine voice is well adapted to the character of "Sir Joseph" and his presentation of the part created considerable amusement. Mr. Whitney as "Capt. Corcoran" comes very near perfection, his magnificent baritone making the part one of the most pleasing in the entire cast. The solo "Fair moon etc.," was exceedingly fine and called forth a hearty encore. The "Ralph Rackstraw" as given by Mr. Fessenden would be difficult to surpass. His exquisite tenor voice was brought out to fine advantage and he was encored several times. Messrs. Frothingham as "Dick Deadeye" and Karnerlee as "Boatswain" were fully up to the standard, the latter receiving a warm encore. The chorus was strong and the accompaniments finely given by the orchestra under the direction of Mr. Studley.

A Word From Union Hose Boys.

Mr. Editor: Will you please grant me space in your local columns to make a single correction of an article that appeared in this morning's paper under the head "*The Fire Department.*" We do not think for a moment that you would intentionally do us an injustice, and the only reason we would wish to make a correction is that just at this time it might convey a wrong idea to the public. You represent the Chief Engineer as proposing "to take ten men from the Union Hose Company and organize them into a new company to run on the horse hose carriage." He puts the case differently to us, having told a member of the company that he would not allow the men to be selected from the Union Hose Company, but that they must be new men, and a man outside of the department has asked a number of men to join a company which he said he was organizing to run the horse hose carriage. You also say, "it would do away with the annual petition of the Union Hose Company for more pay, on the ground that they do most of the work." Is it quite fair to so misrepresent this company? They do not present an annual petition for more pay nor for anything else. Besides if they did, it would be no crime but an undoubted right, which every citizen possesses, and no more than the new company will do after they are organized and find they have to do more work than the other companies. In regard to "confusion in getting to fires" I don't see how four companies can run with less confusion than three, and I submit that twenty-five men would be more apt to get the horse cart to work on time than ten men possibly could, especially in the night.

Yours respectfully,
A MEMBER OF UNION HOSE CO.

The Loss of Ship Sylvanus Blanchard.

The British barque "Vale of Nith," which arrived at Falmouth, Eng., on the 18th of November, landed Capt. J. C. Adams and nine of the crew of the ship "Sylvanus Blanchard," before reported abandoned Sept. 30th off the Cape Verde Islands.

The ship experienced heavy weather and eventually sprung a leak which rapidly increased, the water gaining rapidly notwithstanding the pumps were constantly working. On the morning of Sept. 30th the water increased and the ship began to settle. The boats were got out and the ship went down in three hours after they left her. She was not seen two days after they left her nor was she set on fire for any purpose whatever. As smoke was seen to issue from the forward house it is supposed a lamp might have been left burning, and as the ship was lurching heavily it might have been capsized thereby causing the fire.

Capt. Adams and nine of the crew were five days in the boats and suffered much from heat and rain until picked up on the 5th of September by the above vessel.—*Portland Argus.*

Colby University.

The *Echo* says of Colby Library: Seventy volumes have been added to that library this term, among which are several valuable public documents. Thirty volumes have been added by binding numbers of the standard magazines which are taken. The librarian informed us at the end of the eleventh week of the term, that the number of volumes taken from the library had reached 2,108, and that, like his public statements of the circulation of the library, meant by students only.

The Colby *Echo* notes the following practical work of Prof. Elder, of Colby University: By the constant effort of Prof. Elder, and the occasional assistance of the students and other friends of the College, the cabinet is quite rapidly increasing in interest and value. Prof. Elder is now making a special effort to procure and arrange a collection of specimens which shall represent the industries of our State. It is interesting to notice the progress already made in this direction, in the granites, slates, limestones and mineral ores from several of the quarries and mines. Additions to this collection in specimens and information will be most gladly received. Also any other specimens of the minerals of our section, or from localities more remote, as well as additions to the general cabinet are always welcome.

SCIENTIFIC PROGRESS DEMONSTRATED. "Wonder treads upon the heels of Wonder" in this age of scientific discoveries, and as each new achievement of science the world doubts and questions until overwhelming evidence compels it to believe. When Stevenson built the first railroad locomotive, the public curled its lips contemptuously, and said "No go." When Morse proposed to harness the lightning and annihilate time and space, the wiseacres cried impossible. When De Guerre announced that he had made shadow independent of substance and realized the old German legend in the daguerreotype, everybody exclaimed absurd, yet everybody was wrong. The Iron Horse is the slave of commerce and pleasure. Electricity puts a girdle around the world in a few minutes, and we have each others shadows on our parlor walls. So, too, when Dr. Briggs proclaimed his Bunion Balsam, Sure Corn Cure, Silver Corn Plaster, Deodorizing Foot Lotion and radical Cure for In-growing Nails, absolute in effect, scientific in preparation, never-failing in results, the incredulous shook their heads and said we have tried everything and been relieved of nothing but our money. Yet this same Dr. Josiah Briggs replied, my remedies are what they are represented to be; I warrant them to cure Hard, Soft and Ulcerated Bunions, Hard, Soft and Festered Corns, Sore Insteps, Blistered Heels, Vascular Excrescences, Callosities, Tender Feet, Excessive Perspiration, Offensive Odor, In-growing Nails and every ailment of the feet. These remedies will be furnished to responsible parties on condition of no cure, no pay. Every agent is authorized to refund the money upon request of the purchaser. Hence the result is accomplished, satisfaction guaranteed, skepticism routed and all doubts as to the paramount claims of Dr. Briggs to a prominent place in the ranks of modern inventors acknowledged. These remedies are sold and warranted by druggists throughout the world. Address DR. JOSIAH BRIGGS, 1267 Broadway, New York. Sold by WM. E. MANN, wholesale and retail, F. J. TANEY, J. F. PATTEN and W. L. ALDEN & CO.

APPROACHES,

I wish to call attention to the new and deservedly popular Pictures of Winter Scenes which I introduced last season and am now producing with new and increased facilities. I have lately added to my already choice and extensive line of accessories, a Setting for Rustic Pictures, which is very pretty and appropriate for Children, and a new interior background of rich and elegant design. I can now produce more novelties and different styles than any other Gallery in Eastern Maine. I most cordially invite all in want of Photographs to call at my Gallery, for I can assure them the price will be no lower for first-class work and must eventually rise with other products and right here I wish to urge upon all the necessity of making engagements, especially for children, as it saves much delay and inconvenience to the sitter as well as operator.

CUTICURA

REMEDIES

Have achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never advertised the specific properties of CUTICURA, CUTICURA RESOLVENT, and CUTICURA SOAP, for the speedy, permanent and economical cure of all forms of the Blood, Skin, and Scalp. They are, however, astonished at their universal success. It may be expected that in the hands of all who would use them properly ... of them.

They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures performed by the CUTICURA REMEDIES.

SALT RHEUM

Covering the Body for Ten Years, Permanently Cured.

LAW OFFICE OF CHAS. HOUGHTON,
17 Congress Street, Boston, Feb. 9th, 1879.
Messrs. WEEKS & POTTER: Gentlemen—I feel it a duty to inform you, and through you all who are interested to know the fact, that a most disagreeable and obstinate case of Salt Rheum or Eczema, which has been under my personal observation from its first appearance to the present time—about ten (10) years—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scab, and to which all the known methods of treating such disease had been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA.

I can not too heartily advise all who may be afflicted to try the remedy which has been so effectual in this case.

Very truly yours,
CHAS. HOUGHTON.

LIVER COMPLAINT

Gentlemen:—I have had Liver Complaint and Dyspepsia, with running sores on the [illegible] ... years. Doctors did me no good. I have been spending for eight years and [illegible] good. Everything I ate distressed me. I got reduced from 175 to 125 pounds. At last I tried the Resolvent and it put me right off. After one bottle I am now well and ... years ... It is doing the business, and I am going forth strong.
Yours truly,
JOHN H. TOY,
411 Wabash Ave., CHICAGO, Ill., Nov. 11, 1878.

NOTE.—CUTICURA is administered in cases of extreme physical weakness, or when the virus of Scrofula is known to lurk in the system, by the internal use of the CUTICURA RESOLVENT, is no doubt the most powerful blood purifier and liver stimulant in the world.

CUTICURA SOAP is an elegant toilet adjunct and assists CUTICURA in the treatment of all external diseases. For chapped hands, rough skin and tan, sunburn, and the lesser skin troubles, it is indispensable as a soap for the toilet, the nursery and bath. It is the most healthful, refreshing and healing before the public.

These great remedies succeed where all other heretofore in use fail, because they possess new and original properties never before so successfully combined in one case.

The CUTICURA REMEDIES are prepared by WEEKS & POTTER, Chemists and Druggists, Boston, and sold by all Druggists. Price of CUTICURA, small boxes, 50 cents; large boxes, containing two and one-half times the quantity of small, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cents.
